This document is brought to you for free and open access by the Big iDeas 2011 at SMU Scholar. It has been accepted for inclusion in Big iDeas 2011 Fall Updates by an authorized administrator of SMU Scholar. For more information, please visit <http://digitalrepository.smu.edu>.

Get Your Hands Dirty

Udoka Omenukor, Nutrition Enthusiast

Pamela Varela, Environmental Engineering

Jewel Lipps, Environmental Studies

A Community Garden Program

- Learn where food comes from
- Exposure to new foods
- Empower with choice
- Documentary

“The problem with today’s kids...”

The screenshot shows the WFAA.com website interface. At the top, there is a search bar with the text "Find stories, photos and video" and a "Go" button. Below the search bar is a navigation menu with categories: Home, News, Weather, Traffic, Sports, Video, Entertainment, Community, and Marketplace. A secondary menu lists: Local, Texas, National, World, Elections, Politics, Business, Health, Consumer, Entertainment, Investigates, Crime, and Education.

The main content area features a "Local News" section with the article title "New healthy food choices not yet winning over DISD kids". Above the title are icons for Print, Email, and Share. Below the title is a video player with a "Replay this Video" button and a "Recommend" button. The article is attributed to "by JANET ST. JAMES" and includes the text "WFAA Posted on October 4, 2010 at 10:00 PM Updated Monday, Oct 4 at 10:52 PM". A "Related:" link is visible at the bottom right of the article content.

On the left side of the page, there is an advertisement for AT&T 4GLTE. The ad text reads: "AT&T 4GLTE Now in Dallas-Ft. Worth. With speeds up to 10x faster than 3G. LEARN MORE".

Why a Community Garden?

- Interactive education
- Tastier with more nutrients
- Sustainable
- Residual benefits

THIS WEEKEND Environmental Society & ACE house will turn this

From this...

TO THIS!

Progress & Data will be recorded

For promotional use and further research
