## GENERAL INFORMATION

### HISTORY

The School of Law was established by resolution of the Board of Trustees in February, 1925, and was formally opened the following September. In 1938 the Dallas School of Law, which had been established in 1925 by the Young Men's Christian Association, was merged with the School of Law of Southern Methodist University. Since that time the School of Law has operated a Day Division and an Evening Division. The School is a member of the Association of American Law Schools, an organization whose object is the maintenance of high standards in legal education, and is on the list of schools approved by the Council on Legal Education of the American Bar Association.

### LOCATION

Southern Methodist University is situated within the city limits of University Park, approximately six miles from the business center of Dallas. This location offers distinct advantages for law students. City, County, State and Federal Courts are within a half-hour ride from the school, and are in session throughout the entire year. Students are encouraged to visit these courts as a part of their training in the School. The classrooms, offices and Library of the School of Law are temporarily located on the first two floors of the East Wing of Dallas Hall, the central building on the campus.

### LAW QUADRANGLE

A new Law Quadrangle is now under construction on a five-acre plot situated on the northwest corner of the Campus. The three air-conditioned buildings (described elsewhere in this bulletin) will include a large library and administration building, a classroom building and a dormitory for law students. When completed these facilities will provide the law school with a physical plant unequalled in the South or Southwest. The dormitory or lawyers club building will be ready for occupancy with the opening of the 1950-51 session. It is expected that all of the buildings will be occupied by the beginning of the second semester of the 1950-51 session.

### LAW LIBRARY

The Law Library contains approximately 30,000 volumes, carefully selected to avoid unnecessary duplications and to insure the greatest possible usefulness. This includes all reported cases of the Federal Courts and practically all reported cases of the State Courts

and all English reported cases from the time of Henry VIII. There are also collections of Canadian and Australian reports. Accessions are being made at the rate of approximately 2,000 volumes a year, with special attention being given to materials in the fields of Oil and Gas, Taxation, Insurance, International Law and Jurisprudence.

The statutory collection includes the current statute law of the United States and of all of the states. The library has excellent collections of treatises, encyclopedias, digests, citators and services which make it a valuable working laboratory for the students. Several copies of all leading textbooks are available. Complete files of fifty-seven leading law periodicals are on hand and the library currently subscribes to one hundred and fifteen law reviews.

The other libraries of the University contain approximately 250,000 catalogued books and pamphlets and accessions are being made at the rate of about 20,000 a year. Fondren Library, a hand-somely appointed and air-conditioned building, houses the general library. It is arranged for maximum convenience and research. Its reading rooms are available to law students at all times.

### OBJECTIVE OF THE SCHOOL

The objective of the School is the thorough training of its students in the science and method of the law. The rules and principles are studied in the light of their context, their purpose and their actual effect upon the social institutions of their time. Together with the understanding of the body of the law, there is sought to be imparted the ability to apply its rules and principles in a professional manner.

It is recognized that not all graduates of the School will practice law. Some will go into government service; some will become judges and legislators; others will pursue business careers. The course of instruction has been planned accordingly and is intended to develop a consciousness of the responsibility of the lawyer to society for the improvement of the law, both in its substance and in its administration.

### METHOD OF INSTRUCTION

The case method of instruction, followed by the leading law schools of the country, is employed. This involves a thorough analysis of selected cases and statutes and the discussion of legal principles deduced therefrom. The students are thus introduced to the materials they will use in the practice of law and learn to make distinctions and to reason by analogy. Particular effort is made to train the students in the procedural side of the law. Classroom instruction is supplemented by a course in Brief Writing and Oral

Advocacy, a course in Legal Writing, by work on the Law Journal, in the Practice Court and in the Legal Aid Clinic.

Every effort is made to keep the classes as small as possible in order that students may have the advantage of individual attention and close personal relations with their professors. Twelve members of the faculty devote their entire time and energies to the work of the school and are thereby freely available to the students for consultation and advice in connection with their studies. It is believed that this is one of the most valuable features of law school study. In addition to the regular faculty, instruction in certain fields of law is given by active practitioners and lecturers chosen for their special fitness for the particular subjects.

## ADMISSION

## RECOMMENDED PRE-LEGAL COURSE

*General.* The School of Law does not prescribe a fixed course of pre-legal studies, but does examine each application for admission to determine the appropriateness of courses taken in light of the recommendations made herein.

*Duration of Pre-Legal Course.* It is recommended that the pre-legal student complete the requirements for a bachelor's degree prior to enrollment in the School of Law. If this be not feasible, it is recommended that he complete in Southern Methodist University or in another college or university where the course is offered, the first three years of a six-year combination course in Law and Arts, or Law and Business Administration. In event the combination course be not available in the college or university attended, it is recommended that the student complete three years of college work embracing courses substantially similar to those included in such a combination course.

*Minimum Subject Requirements.* So far as the student is free to elect courses in his pre-legal studies, he should select those best suited to equip him to occupy a prominent position in the cultural, social and business affairs of his community. The objective should be a well-rounded general education. Effective grasp of English grammar, rhetoric and composition is considered indispensable. Experience in debating will prove valuable. Students who have learned to use a typewriter will find this skill helpful. The pre-legal course should include not less than six (6) semester-hours in each of the following subjects: English Grammar and Composition; English Literature; Mathematics; English History; American History; Philosophy and Ethics; Economics; Political Science or Government; Accounting; and each of two natural sciences. If a foreign language is taken it should be Latin.

## SIX-YEAR COMBINATION COURSES

*Requirements.* The College of Arts and Sciences and the School of Business Administration offer courses of study whereby the student may earn the degree of Bachelor of Arts or Bachelor of Business Administration, respectively, and the degree of Bachelor of Laws in six years. The specific requirements for the degree of Bachelor of Arts and of Bachelor of Business Administration under this plan are fixed by the faculties of the school or college concerned, and are stated in the bulletins issued by those schools. In general, the plans provide that student shall register for the first three years in the College of Arts and Sciences or the School of Business Adminis-

tration, during which time he shall complete the specific course requirements for the degree sought and shall otherwise comply with the hour and grade requirements of that college or school. The student then registers in the School of Law for his fourth year of study. Upon the completion of two semesters of law study with a satisfactory grade average, the student who otherwise has complied with the requirements of the College of Arts and Sciences or the School of Business Administration becomes eligible for the degree of Bachelor of Arts or Bachelor of Business Administration. Upon completing the remaining two years of law study, and satisfying the requirements of the School of Law, the student becomes eligible for the degree of Bachelor of Laws.

*Elective Courses.* Election of courses under the six-year combination plan is somewhat restricted. So far as the student is free to elect courses, he should seek a well-rounded program, incorporating therein to the greatest extent practicable such of the following subjects as are not prescribed: English History; American History; Mathematics; Literature; Economics; Philosophy and Ethics; Political Science or Government; and Accounting. If a foreign language is taken it should be Latin. Particular attention should be devoted to the development of facility and style in the clear and forceful use of the English language.

### ENTRANCE REQUIREMENTS

*Admission by Selection.* Admission to the School of Law is by selection based upon the academic record of the applicant and other available data. The School reserves the right to reject any applicant without statement of reason.

*Credit Requirements.* To be considered for admission, an applicant must have been granted a bachelor's degree from an accredited college or university, or must have completed not less than ninety (90) semester-hours of credit toward a bachelor's degree, earned in residence in an accredited college or university. Credit earned by correspondence is not acceptable in the ninety semester-hour minimum requirement.

*Course Requirements.* The ninety (90) hour minimum requirement stated above shall be exclusive of credits earned in non-theory courses in military science, physical education, hygiene, domestic arts, vocal and instrumental music, teaching methods and techniques, shop work, vocational agriculture, flight training, stenography, salesmanship, dramatics, advertising, or other courses without substantive content appropriate to the study of law; except that required courses in military science and physical education may be

included. Courses in Business Law and related fields are not considered desirable pre-legal study.

*Grade Requirements.* The applicant must have a weighted average of not less than C in all work of college grade attempted and in which a grade, either passing or failing, has been recorded, except that courses for which pre-legal credit is not allowed, as stated in the subparagraph next preceding, are not included in computing the average. Where courses have been repeated, both grades are included in the computation.

*Dates of Admission.* Beginning students will be admitted in the Fall Semester only.

*Application for Admission.* Application for admission should be made well in advance of the date of intended enrollment. Application will be in writing, preferably on forms supplied by the School of Law. The application will be supported by transcripts (in duplicate) from all colleges attended by the applicant. A person filing an application while still enrolled in his pre-legal studies should file transcripts showing the pre-legal work completed to date, and the courses in which he is enrolled at the date of application.

#### READMISSION OF FORMER STUDENTS

Students who withdrew from the School of Law while in good standing therein will be readmitted subject to the following limitations.

Students who withdrew before completing their first semester or term of law study may apply for readmission in the Fall Semester only. Students who completed one semester or term may apply for readmission at the beginning of the spring semester only. Students who completed two or more semesters or terms prior to withdrawal may apply for readmission at the beginning of either semester or the Summer Session.

Students who apply for readmission within the following periods will be readmitted without reexamination of their entrance credentials: Those who withdrew before earning twelve semester-hours credit, within twenty-four calendar months from the date of withdrawal; those who withdrew after earning twelve or more semester-hours credit, within forty-eight calendar months from the date of withdrawal. In computing these periods there will not be included any period or periods between September 1, 1940, and June 30, 1947, in which the student was on active duty with any of the armed services of the United States, or any period in which the student was licensed and engaged in the practice of law in this or another state. Students who apply for readmission after the expira-

tion of the periods stated will be required to comply with the requirements for admission to the School of Law in effect at the date of readmission.

#### ADMISSION AS A SPECIAL STUDENT

A special student is one who cannot comply with the requirements for admission to regular standing in the School of Law and who, upon petition, is admitted by action of the faculty.

No petition for admission as a special student will be considered unless the applicant is at least twenty-eight years of age and has a formal education sufficient to secure admission to regular freshman standing in the University. In addition, the applicant must furnish evidence of practical experience that will compensate for the absence of all or part of the three years of college training required for admission as a student with regular standing.

Only a limited number of special students are admitted each year. A special student is not eligible for a degree, nor can a degree be obtained by the subsequent removal of entrance deficiencies. A transcript showing the period of attendance, the courses taken, and the grades received will be furnished upon request.

The application for admission as a special student must be made to the Faculty of the School of Law, but a personal interview with the Dean before making formal application, is desirable.

The prospective applicant for admission as special student is cautioned to communicate with the proper public official to determine whether he will be eligible to take the bar examination in the state in which he intends to practice.

#### ADMISSION TO ADVANCED STANDING

*Persons Eligible.* A student who has completed successfully a part of the law course in another law school which was at the time of such study a member of the Association of American Law Schools, or approved by the Council on Legal Education of the American Bar Association, may apply for admission with advanced standing. The applicant must establish his eligibility to enter Southern Methodist University School of Law, and must be in good standing in the law school formerly attended.

*Dates of Admission.* Transfer students who have completed two or more terms of work in another law school may be admitted in the Summer Session or in either semester of the long session. An applicant who has completed only one term elsewhere should submit a list of law courses taken and inquire concerning possible dates of admission.

*Application.* Application for admission with advanced standing will be made in writing. It will be supported by transcripts (in

duplicate) from all colleges and law schools previously attended. Good standing in the law school last attended may be established by letter from the Dean of that school, either filed with the application or submitted at the time of enrollment in this school.

*Advanced Credit.* Advanced credit for work completed in another law school will be determined by the Dean of the School of Law. Advanced credit will not be granted for a course completed in another law school with a grade below C or its equivalent.

*Minimum Residence Requirement.* A student admitted with advanced standing may not qualify for a degree from the School of Law until he shall have completed satisfactorily at least two semesters' study in the Day Division or three semesters' study in the Evening Division of the School of Law.

#### ADMISSION TO GRADUATE COURSES

The requirements for admission to graduate courses are set out on page 30 *infra*.

#### AUDITORS

Members of the State Bar of Texas may be enrolled as Auditors in specific courses. Auditors take no examination and receive no credit for work taken.

## TUITION AND FEES

## DAY DIVISION

*Tuition.* Tuition fees are computed at the rate of \$20 for each semester-hour of work taken, with a maximum charge in the Day Division of \$200 per semester of 16 weeks, and \$135 for a Summer Session. Courses audited (taken without examination or credit) by regularly enrolled students will be charged for at the same rate as courses taken for credit.

*Student Activity Fee.* All regular students in the University, including law students in the Day Division, pay the Student Activity Fee of \$11.50 each for the Winter and Spring semesters. This fee is assessed by the Students' Association and pays for tickets to all athletic contests on the campus, for the students' annual, the semi-weekly newspaper, and other activities in which the students are interested. In addition each student is assessed \$1 per semester and 75 cents per summer session to be used in the interest of the Student Bar Association.

*Student Union Building Fee.* All regular students in the University, including law students in the Day Division, pay a Student Union Building Fee of \$5 per semester and \$3 for a Summer Session.

*Library Deposit.* All students make a library deposit of \$5 at the beginning of the school year. It is returned to the student at the end of the year less any deductions for damages or fines.

*Payment of Accounts.* The tuition and other fees of non-veterans are payable at the beginning of each semester, but arrangements may be made with the Business Manager of the University to pay in instalments for a small carrying charge. The Veterans' Administration is billed for the tuition, fees, and books of eligible veterans, except the library deposit, which is made by the student.

*Refund of Tuition Fees.* If a student should matriculate in the School of Law and, for a good reason, be unable to attend classes, all of his fees except \$10 will be refunded. If a student matriculates but leaves the University within the first three weeks after the first day of registration of a semester or Summer Session, one-half of his tuition and fees will be refunded. After the third week no refunds are allowed. Refunds are allowed only upon honorable dismissal by the Dean of the School of Law, and must be applied for at the date of withdrawal.

## EVENING DIVISION

*Tuition.* Tuition fees are computed at the rate of \$20 for each semester-hour of work taken, with a maximum charge in the Eve-

ning Division of \$150 per semester of 16 weeks, and \$100 for a Summer Session. Courses audited (taken without examination or credit) by regularly enrolled students will be charged for at the same rate as courses taken for credit.

*The Student Activity Fee and the Student Union Building Fee* are optional for students in the Evening Division. However, each student is required to pay \$1 per semester and 75 cents per summer session to be used in the interest of the Student Bar Association.

*The Library Deposit* is the same as in the Day Division.

*Payment of Accounts.* Tuition and other fees are payable at the beginning of each semester or Summer Session. Students in the Evening Division may arrange, without penalty, to pay one-third of their fees at the time of registration, one-third during the fourth week of instruction, and one-third during the eighth week of instruction. A charge of \$2 is made for late payment of accounts.

*Refund of Tuition Fees.* A student who withdraws during the first four weeks of a semester or Summer Session will be charged one-third of his total fees. One who withdraws in the fifth to eighth weeks inclusive will be charged two-thirds of his total fees. One who withdraws after eight weeks will be charged full tuition. Refunds are allowed only upon honorable dismissal by the Dean of the School of Law and must be applied for at the date of withdrawal.

#### GRADUATE COURSES

The fees for graduate courses are set forth on page 31 *infra*.

#### AUDITORS

Members of the State Bar of Texas taking courses without examination or credit will be charged a fee of \$40 per course, without reference to the number of semester-hours involved. This fee is payable in advance and is not refundable.

## AIDS AND AWARDS TO STUDENTS SCHOLARSHIPS

**LAW SCHOOL SCHOLARSHIPS.** The scholarships listed below are available to students in the School of Law who maintain a superior record in their law school work and who are in need of financial assistance. Preference is given to applicants who hold the A.B. or a similar degree.

*The W. A. Rhea Memorial Scholarship*, established by friends of the late Professor W. A. Rhea, first member of the faculty of the School of Law. Stipend \$100.

A scholarship established by an alumnus of the School. Stipend \$250.

Scholarships awarded by the School of Law in amounts varying from \$50 to \$150 per semester.

Application for the scholarships listed above should be made to the Dean of the School of Law.

**GENERAL SCHOLARSHIPS.** Students in the School of Law who do not hold the A.B. or other bachelor's degree are eligible for scholarships administered by the University Committee on Scholarships. These include the following.

*University Scholarships*, which are awarded automatically to the highest ranking students in the various schools of the University. In estimating rank the Committee considers the entire University record of the applicant. Holders of University Scholarships are granted part or full tuition (up to \$200 per semester) in accordance with their need and the funds available.

*Undergraduate Scholarships*, which are awarded, if funds permit after the needs of University Scholars are met, to students who have completed one year in Southern Methodist University with a satisfactory scholastic record and who have a definite need for aid. Though preference is given to the student having the highest scholastic ranking, the Committee's policy is to help as many deserving students as its resources will allow.

*LaVerne Noyes Scholarships*, five or more in number, are available each year to students who are citizens of the United States and either were engaged in and honorably discharged from the military service of the United States in World War I or are descended by blood from one who so served. These scholarships have a value up to \$200 per semester. They were established by the estate of the late LaVerne Noyes of Chicago, Illinois, in 1937.

Correspondence concerning the University, Undergraduate, and LaVerne Noyes Scholarships should be addressed to the Director of Scholarships, Southern Methodist University.

**REGULATIONS.** All scholarships are credited toward the student's tuition charges and fees. Holders of scholarships are required to cooperate in the observance and enforcement of University regulations and are expected to devote their full time to their college studies. Permission to engage in outside employment during the school year must be obtained in advance. Scholarship holders are required to maintain the academic record necessary for continuance in good standing in the School of Law. No one may hold more than one scholarship at a time.

### TUITION AWARDS

Students in the School of Law are eligible for the following awards.

*Music Tuition Awards*, twenty in number, open to competent musicians who serve as members of the University Band. Value \$100 per semester. Application should be made to the Director of the Band or to the Dean of the School of Music.

*Athletic Tuition Awards*, twenty in number, available to outstanding students who represent the University in various sports. Value \$200 per semester. Applications should be made to the Director of Athletics of the University.

*Minister's Family Tuition Awards*, given to the wife or minor children of a minister of any denomination engaged in active pastoral work, and to minor children of superannuated or deceased ministers. Value \$145.50 per semester. Applications should be made to the Dean of the School of Theology of the University.

**REGULATIONS.** Tuition awards are credited toward the payment of the student's tuition and fees. Holders of these awards are required to maintain the academic average necessary for continuance in good standing in the school attended. They are required to register for a normal student load. Each student holding a tuition award (except wives and minor children of ministers) is required to do a reasonable amount of work for the University (eight hours per week for full tuition and a proportionate amount for less than full tuition).

### LOANS

Loans are available to deserving students in any school of the University who are in need of financial assistance and who have a scholastic average equal to the minimum average required for

graduation in the particular school. They are made ordinarily only for tuition and fees, but loans from the William Wallace Taxis and the Blanche M. Taxis funds are available for personal necessities. Students needing loans may obtain application blanks from the Dean of Students.

### PRIZES

Mr. J. Woodall Rodgers of the Dallas Bar has established a prize to be awarded annually to the member of the graduating class who has maintained the highest overall average for the three years. The prize is a handsome gold medal.

The Dallas Lawyers' Wives Club makes a cash award of \$100 to the student in the second year class attaining the highest scholastic average.

The law firm of Carrington, Gowan, Johnson and Walker presents a gold watch to the outstanding student in the first year class.

The Arthur A. Everts Trophy is awarded each year on Lawyers Day to the winning counsel in the Senior Case Club Argument.

The Vernon Law Book Company donates to each of the three winners in the Senior Case Club Argument a choice of McCormick and Ray, Texas Law of Evidence; Franki, Texas Rules of Civil Procedure, or some other one volume publication.

The Bancroft-Whitney Company awards each year to the ex-service man student making the highest three-year average a set of Jones, Commentaries on the Law of Evidence (6 volumes).

The Vernon Law Book Company awards a set of Stayton's Annotated Texas Forms (3 volumes), or a set of Modern Legal Forms (3 volumes) to the author of the best individual contribution to The Southwestern Law Journal during the year.

Bound reprints of selected topics from American Jurisprudence are presented by the publishers to the student writing the best examination paper in each of the following courses: Administrative Law, Agency, Bailments (Personal Property), Bankruptcy (Creditors Rights), Bills and Notes, Corporations, Conflict of Laws, Constitutional Law, Contracts, Equity, Evidence, Insurance, Labor Law, Mortgages (Security), Pleading (Procedure II), Taxation and Trusts.

Law students are also eligible to compete for the R. E. L. Saner Award in Oratory, a gold watch offered annually in a contest begun by the late R. E. L. Saner, LL.D., of Dallas.

### STUDENT SELF-SUPPORT

The Dallas area offers many opportunities to those students who must earn sufficient money to defray a part of their expenses while

attending law school. The University Employment Bureau, 110 Dallas Hall, seeks to aid students in finding employment both on and off the campus. Inquiries should be addressed directly to the Bureau.

In planning his law study, the student should weigh carefully the effect of outside employment upon his law school work. A full-time course in the Day Division of the School of Law requires a full working day of the conscientious student. By sacrificing his leisure time, the full-time student may be enabled to accept a very limited amount of outside employment. A student who must accept outside employment in any substantial amount should plan in advance to effect a corresponding reduction in his law school work, with the consequent lengthening of his law school course by one or more semesters.

Students who are required to be substantially or wholly self-supporting while in law school are advised to enroll in the Evening Division.

#### HEALTH SERVICE PRIVILEGES

The University provides a limited health service. All students living in the University dormitories or enrolled for regular work in the University are entitled to the following health services: a health examination and smallpox vaccination by the University physicians, an unlimited number of consultations with the University physicians during office hours at their Health Center offices, and conferences and treatments by the nurses at such other times as may be designated. These privileges are extended to all ambulatory students irrespective of residence. Students living in the University dormitories, or taking all meals in University dormitories, are also entitled to hospitalization in the Health Center with nurse and doctor in charge. All students living in private homes assigned to them by the University may obtain hospitalization service for \$4.00 per day as far as available space will permit. Other eligible students may obtain the same care for \$5.00 per day.

A maximum of seven days hospitalization without cost will be allowed to students in case of serious illness during each semester of the long session of the University and four days for each six weeks of the summer session. A charge of \$4.00 per day will be made to students who must remain in the hospital beyond the above mentioned periods of time.

Every student attending the University must have a physical examination by a University physician.

Physical examinations will be given at the beginning of each semester or summer session.

## LIVING ACCOMMODATIONS

The Law Club Building, which is scheduled for completion before the beginning of the 1950 Fall Term, will provide residence accommodations for seventy-five unmarried law students of the University in single and double suites. While no rate schedules have been established for either room or board, it is estimated that the rates will conform to those prevailing in women's dormitories which are set out below. Preference in the choice of rooms will be given to graduate, third and second year students in that order. Applications for residence must be made on the form provided by the Club and must be accompanied by a deposit of \$10.00. Approval of applications is not given until the applicant is accepted for admission to the Law School. Applications for the academic year 1950-51 will not be accepted before June 1, 1950, at which time rate schedules will be published.

For married students there are 100 furnished trailers with accommodations. They rent from \$20.50 to \$27.50 per month. Rooms for women in the several dormitories cost from \$100 to \$125 per semester. All students living in dormitories are required to take their meals there. The cost of board is \$180 per semester.

## STUDENT ORGANIZATIONS AND ACTIVITIES

*The S. M. U. Student Bar Association*, open to all students in the School, has as its general purpose the promotion of the interests of the student body. The Association conducts bi-monthly forums at which leaders in public and professional life discuss topics of current interest; it also sponsors each semester a social function intended to encourage student acquaintance.

*The Order of the Woolsack* is a local scholastic honor society to which not more than the highest ten per cent of each graduating class may be elected by vote of the faculty.

*The Southwestern Law Journal* is a quarterly journal of legal scholarship published by the School of Law. Twenty second and third year students are chosen to serve as editors on the basis of scholastic standing and literary ability. One issue of the journal each year consists principally of articles relating to the several aspects of a single significant problem of the jurisprudence of Texas or the administration of justice in Texas courts. Another issue is devoted to a review of important decisions of the Texas Supreme Court and the Court of Criminal Appeals during the preceding year. It also includes a commentary on the legislative enactments in years when the legislature is in session. The other two issues are of the

conventional type containing leading articles, comments, recent case notes and book reviews.

*The Senior Case Club* is composed of six third year law students selected each year by the faculty on the basis of scholastic achievement and effectiveness in oral presentation to serve as counsel in a moot case argued on Lawyers' Day. The case is heard and decided, on the basis of printed briefs and oral argument, by the Supreme Court of Texas, invited to the University annually for the occasion.

*The Barristers*, a general service organization of fifteen law students elected on the basis of scholarship and leadership, has as its purpose to undertake various projects for the benefit of the law students and the school.

Chapters of two national legal fraternities have been established at the school—the John Hemphill Senate of Delta Theta Phi and the Roger Brooke Taney Chapter of Phi Alpha Delta. Alpha Psi Chapter of the Kappa Beta Pi International Legal Sorority is active for the benefit of women students.

Upon payment of the Student Activity Fee at the time of registration, law students become entitled to the usual privileges in connection with intercollegiate athletic events, the lecture and concert series of the Community Course, the dramatic productions of the Arden Club, the several student publications, and the inter-mural athletic program in which law school teams compete.

## PLACEMENT OF GRADUATES

The School of Law, recognizing its obligation to aid its graduates in securing legal positions, has established a Placement Office, with a member of the faculty serving as Director. This office contacts potential employers and directs graduates toward suitable job opportunities. Its services are available to graduates at all times without expense and they are urged to register with the Director.

## THE UNDERGRADUATE PROGRAM 1950-51

The School operates on the plan of two semesters of sixteen weeks each and a summer session of eleven weeks. For 1950-1951 the dates of these sessions are: Summer Session, June 6 to August 26, 1950; Fall Semester, September 25, 1950 to January 31, 1951; Spring Semester, February 8 to June 1, 1951.

All Day Division students who begin the study of law after July 1, 1950, will be required to spend a minimum of six semesters and one summer session in residence (at least 100 weeks) and complete a total of 84 semester hours of work. The required summer's residence must follow the first year's study except in rare instances where permission is obtained to use the second summer.

All Evening Division students who begin the study of law after July 1, 1950, will be required to spend a minimum of eight semesters and two summer sessions in residence (at least 134 weeks) and complete a total of 84 semester-hours of work. The summer session residence must follow each of the first two years except in rare instances where permission is obtained to use a later summer.

For the year 1950-1951 the faculty proposes to offer the courses listed below with the arabic numeral opposite each course indicating the number of semester-hours of credit. Every effort will be made to adhere to this program, but intervening circumstances may necessitate minor changes. Persons interested in particular courses should inquire about them shortly before the beginning of the semester or session for which they are announced.

# The Legal Center

Shown on the following page is the architect's drawing of the Southwestern Legal Center now being erected on the Campus of Southern Methodist University. This Law Quadrangle, composed of three air-conditioned buildings, will be the headquarters of the Southwestern Legal Foundation and also the new home of the Southern Methodist University School of Law. It is expected that the buildings will be completed and occupied by February 1951. Pictured on the right is Kirby Hall which will provide ample space for a model law office, practice court room, classrooms, and various student activities. The main Administrative Building shown in the center will house the Law Library and administrative and executive offices of the Southern Methodist University Law School and the Southwestern Legal Foundation. The left wing of this building will contain an Oil and Gas Library covering the entire second floor. Information and data collected here will include works of importance on the technical and geophysical as well as the legal aspects of the Oil and Gas Industry. In addition to appropriate offices and rooms for study and research there will be an auditorium seating over four hundred. government; to cooperate with and make recommendations to recognized Bar Associations, legal organizations, Foundations and other institutions interested in the improvement of the Legal Profession, Law Schools and administration of Justice; to establish and operate Legal Institutes, Legal Aid Clinics and any other related activities for the benefit of the Legal Profession, the Public and Government; to conduct institutes, research and forums of International Law and relations, especially as affecting the Western Hemisphere—.”

During 1950 the Southwestern Legal Foundation and the Southern Methodist University Law School will present a series of outstanding Institutes in the fields of Taxation, Antitrust and Price Regulation, Labor Law, Insurance, and Oil and Gas Law. Institutes are a means whereby the busy practitioner may continue his legal education and those presented at the Legal Center have gained national recognition.

There is now in operation a free legal aid clinic operated jointly by the Legal Foundation, the Dallas Junior Bar Association, the City-County Welfare Department and the SMU School of Law. This clinic has been furnishing legal aid to persons of low income groups who could not otherwise afford legal services, and at the same time has served as a valuable laboratory where the senior law student could acquire much needed practical experience.

Research is regarded as one of the important phases of Legal Center work and will be done by selected members of the faculty of the Law School, specialists from the profession, outstanding judges and lawyers, and by men in government and business. Special grants and fellowships will be financed through the Foundation and in connection with the Graduate Program of the School of Law specific research projects will be undertaken. (See information on the Graduate Program elsewhere in this bulletin). Definite plans are made for research in the fields of Oil and Gas Law, Taxation, Labor Law, Insurance, International Law and also a special research project into the fundamental principles of Law and Government which is headed by the Honorable Hatton W. Sumners.

## THE GRADUATE PROGRAM

The year 1950-1951 will mark the inauguration of a program of graduate instruction. The program is designed to accomplish the following objectives: (1) afford intensive training on the graduate level in the fields of law which have become highly specialized in modern urban practice, especially in the southwestern region; (2) broaden and deepen the student's understanding of the philosophy and history of law and of the administration of justice; (3) encourage research and creative writing in the law and related fields; (4) offer specialized instruction to practicing lawyers as a part of the plan for continuing education of the Bar. The primary aim will be preparation for more productive careers in the private practice of law and in the public service.

### REQUIREMENTS FOR ADMISSION

#### CANDIDATES FOR DEGREES

Each applicant for admission to candidacy for a degree must be: a graduate of an approved American Law School and also hold a college degree from an accredited college or university; or a graduate of a foreign law school of standing comparable to those approved by the Council on Legal Education of the American Bar Association, by the Inter-American Bar Association or by other appropriate agencies.

#### SPECIAL STUDENTS

At the discretion of the Committee on Graduate Studies, reputable and licensed members of the Bar may be admitted for work in special subjects or for special research in graduate studies. Special students may not be candidates for a degree.

### APPLICATION FOR ADMISSION

Graduate students will be admitted at the beginning of any semester. No special form of application is required. A letter of application for admission to graduate study should be sent to the Chairman of the Committee on Graduate Studies, School of Law, Southern Methodist University, and should be accompanied by transcripts of the applicant's college and law school records and an unmounted photograph. No application fee is required.

### DEGREES

Graduate students will select their programs of study after consultation with the Chairman of the Committee on Graduate Studies.

*Master of Laws (LL.M.)* To receive the degree of Master of Laws the following requirements must be met:

(1) Residence in the School of Law for not less than two semesters if a full-time student, and not less than four semesters if a part-time student.

(2) Completion of a sufficient number of graduate courses to make a total of at least twelve semester-hours, with a minimum grade of 80 on each course. Undergraduate courses may be taken where approved by the Committee on Graduate Studies, but in no event will they be counted for more than two hours toward the total requirement of twelve.

(3) Completion of at least two courses (four semester-hours) in the cultural fields, such as Law in Society or International Law. These courses are counted toward the twelve-hour requirement.

(4) Preparation of a dissertation, written under the direction of a professor. This dissertation must be approved by both the Professor and the Committee on Graduate Studies, and be in publishable form. It must be submitted at least 60 days before the date on which degrees are awarded.

(5) All requirements must be completed within a period of three years from the date of initial registration as a graduate student.

Since one of the primary aims of the graduate program is to foster research and encourage creative writing, it is contemplated that the six courses (twelve semester-hours) will require only approximately half of the student's time, and that the other half will be devoted to the dissertation. In line with this, candidates for degrees will not be permitted to register for more than three courses in one semester if full time and for not more than two courses if part time.

*Master of Laws in Oil and Gas Law (LL.M.)* The requirements for this degree are the same as those for the Master of Laws, except that the candidate must complete at least three graduate courses in the field of Oil and Gas Law and write his dissertation in the field.

*Master of Laws in Taxation (LL.M.)* The requirements for this degree are the same as those for the Master of Laws except that the candidate must complete at least three graduate courses in the field of Taxation and write his dissertation in that field.

#### FEEES

The fee for graduate courses is \$35 for each semester-hour of work taken, with a maximum charge of \$200 per semester. Auditors

are not admitted to graduate courses. Other fees are the same as those listed for undergraduate students.

### FELLOWSHIPS

For the year 1950-1951, two fellowships have been established. One is open to candidates for the LL.M. in Taxation and one to candidates for the LL.M. in Oil and Gas Law. The stipend of each fellowship is \$1,500. Each holder of a fellowship will be required to pay full tuition and fees. Applications for fellowships should be directed to the Chairman of the Committee on Graduate Studies.

### COURSES OF INSTRUCTION

Graduate courses will be organized on the basis of a two-hour seminar period each week for one semester, together with assigned readings and the preparation of a legal essay and/or a written examination. Each course will carry a credit value of two semester-hours. Two courses will be offered each year in the fields of Oil and Gas Law, Taxation and Corporations. In addition, an advanced course in Jurisprudence and one in International Law will be offered each semester. Later it is expected that single seminars will be available in such fields as Insurance, Labor Law, Public Control of Business, Administrative Law and Comparative Law.

### PROGRAM OF INSTRUCTION, 1950-1951

For the year 1950-1951, the following courses will be offered and certain of these will not be given during 1951-1952 but will be replaced by other courses and new courses will be added.

## ADMINISTRATIVE RULES AND REGULATIONS

### REGISTRATION

*Registration Periods.* Students who fail to register during the announced registration periods will be charged a late registration fee of \$2.00. No registration will be permitted after the close of the tenth day of instruction in a semester, or after the close of the fifth day of instruction in a summer session.

*Minimum and Maximum Hours.* Unless a lesser number of hours will meet residence and graduation requirements, minimum registration is: 10 semester-hours per semester or 7 semester-hours per summer session in the Day Division; 6 semester-hours per semester or 4 semester-hours per summer session in the Evening Division. Maximum registration is: 15 semester-hours per semester or 10 semester-hours per summer session in the Day Division; 10 semester-hours per semester or 6 semester-hours per summer session (except that the Dean for good cause may permit registration not to exceed 12 semester-hours per semester or 8 semester-hours per summer session) in the Evening Division.

*Class Attendance Without Registration.* Attendance in classes is prohibited unless a student is registered in the course either as a regular student or as an auditor.

*Adding and Dropping Courses.* Courses may be added or dropped only with the written approval of the Dean. If a course is discontinued without the written approval of the Dean, a failing grade (WF) will be entered. Adding of courses will not be permitted after the close of the tenth day of instruction in a semester or after the close of the fifth day of instruction in a summer session. A course may be dropped without penalty during the first three weeks of a semester or the first two weeks of a summer session; in any course dropped thereafter the student will receive a failing grade (WF).

### CLASSROOM WORK AND ATTENDANCE

*Classroom Work.* The instructor may, with the consent of the Dean, drop a student from a course for poor classroom work done therein or for improper conduct in the classroom. In such case the student will receive a failing grade (WF) in the course.

*Absences.* Leaves of absence are not permitted and excuses for absences are not accepted. A student registering late is charged for absences from all class sessions prior to the date of registration. In the Day Division, no penalty is assessed for the first ten hours of

class absences in any one semester in all courses taken, but for each additional hour's absence a student's credit toward graduation will be diminished by  $1/15$  of 1 semester-hour (absences incurred in courses which are dropped or failed, or in which the final examination is not permitted to be taken on account of excessive absences, will not be counted in computing this penalty). A student will not be permitted to take the final examination in a course from which he has been absent more than  $1/4$  of the class-hours, regardless of the cause of such absences. In such case a failing grade (WF) is entered.

*Absences from Quizzes.* A student who fails to take a previously announced quiz may not continue the course unless excused by the Dean for good cause shown in writing (in advance if possible). If a student is excused from a quiz his grade in the course will be determined as though the quiz had not been scheduled.

*Absences from Examinations.* A student unable to take a final examination at the time scheduled, because of illness or other unavoidable cause must, as early as possible (in advance if practicable), notify the Dean in writing of such absence and the reason therefor. The Dean, in conference with the instructor, will pass upon the reason and notify the student of his decision. If the reason be found sufficient, the student may take the examination with the class when it is next given. For good cause, the Dean may authorize a special examination at a time to be fixed by the instructor.

### GRADES AND CREDITS

The minimum passing grade is 60. The final grade in a course is based upon written examinations and other required written work. No final examination paper will be regraded or returned to the student. Re-examination is not authorized. A student who fails to pass a required subject may repeat the course but is not required to do so except where failure is due to dropping or being excluded from the course.

*D Grades.* D grades are between 60 and 69, both inclusive. The total of D-grade work which a student may count toward a law degree in any scholastic year (two semesters) or summer session shall not exceed  $1/3$  of the total hours for which he is registered during the period involved. A student may, with permission of the Dean and the instructor, repeat a subject in which he has a final grade between 60 and 69, but by so doing waives all right to have the grade theretofore made in such subject counted toward his degree.

*Method of Computing Averages.* The grade in each course will be weighted in proportion to the semester-hours credit assigned to the course. In computing the average there will be included failures

from dropped courses and the grades from all other courses in which the student has taken the final examination or received a final grade, regardless of whether credit in a particular course is required to meet the minimum requirements for graduation. Where a course is repeated both grades will be entered in computing the overall average. Where the student receives a failing grade (WF) because of dropping or being excluded from a course, that grade will be entered as 50 in computing his average.

### RESIDENCE

*Day Division:* A candidate for graduation must have been in residence for not less than six semesters and one summer session (at least 100 weeks). To constitute residence in the Day Division the candidate must have been registered for not less than 10 semester-hours in a semester or for not less than 7 semester-hours in a summer session, and must have passed not less than 9 semester-hours in a semester or not less than 6 semester-hours in a summer session.

*Evening Division:* A candidate for graduation must have been in residence for not less than eight semesters and two summer sessions (at least 134 weeks). To constitute residence in the Evening Division, the candidate must have been registered for and passed not less than 6 semester-hours in a semester or 4 semester-hours in a summer session.

If a student is registered for but fails to pass the minimum number of hours required for residence, he will be granted fractional residence credit in proportion to the amount of work passed.

Where a student transfers from one Division to the other, one semester's residence in the Evening Division will be considered as  $\frac{3}{4}$  of a semester in the Day Division; and one semester's residence in the Day Division will be considered  $\frac{4}{3}$  of a semester in the Evening Division.

### ACADEMIC FAILURE AND PROBATION

In the following Regulation "semester" shall be construed to include a summer session of 10 or more weeks. For the method of computing grade averages see page 33.

*Automatic Exclusion.* Any student whose overall grade average at the end of the first two semesters in the Day Division, or of the first three semesters in the Evening Division, or at any time thereafter, falls below 65 shall be excluded automatically.

*Probation.* Any student whose overall grade average at the end of the first two semesters in the Day Division, or of the first three semesters in the Evening Division, or at any time thereafter, falls

below 70 will be excluded or placed on probation at the discretion of the faculty. Any student whose work in any semester is unsatisfactory may be placed on probation by faculty action.

Any probationary student whose current grade average in any semester falls below 68 shall be excluded automatically. Any probationary student whose current grade average in any semester falls below 70 will be excluded or continued on probation at the discretion of the faculty. A probationary student who raises his overall grade average to 70 or above will be removed from probation.

*Readmission.* A student dropped for scholastic deficiency will be excluded from the School of Law during the next succeeding semester, but may petition for readmission in any later semester. Petitions for readmission must state the cause or causes of the scholastic deficiency, and the steps taken or proposed to be taken to remove such causes. The faculty may deny such petition or grant such petition upon such conditions as it deems warranted in the individual case. Denial of a petition will be without prejudice to its renewal on other grounds, or for a later semester.

A student excluded for scholastic deficiency may, without re-entering the School of Law, apply for permission to retake the examination in any course in which his grade was below 70. If his request be approved, he will be permitted to take the examination when it is next regularly given and may base a petition for readmission upon the grades received upon those re-examinations. If the student is readmitted, he will be given credit for the courses in which he was re-examined, on the basis of the average of his original grade and the grade received upon re-examination.

### DISCIPLINE

Students in the School of Law are subject to the general disciplinary regulations of the University, as well as the special regulations of the Faculty of the School of Law. The Faculty reserves the right to terminate the attendance of any student at any time, or to remove from the list of candidates for the degree the name of any student whom it may deem unworthy on account of neglect of study, incapacity for the law, or deficiency in conduct or character not in keeping with the standards of Southern Methodist University and of the legal profession. Any person who registers in the School agrees to this reserved right.

## REQUIREMENTS FOR GRADUATION

All candidates for the degree of Bachelor of Laws must satisfy the following requirements:

1. Residence of 100 weeks in the Day Division or 134 weeks in the Evening Division. This can be acquired in the Day Division in not less than six semesters and one summer session, and in the Evening Division in not less than eight semesters and two summer sessions. (As to what constitutes residence, see Administrative Rules and Regulations, page 43 *supra*.)

2. Eighty-four semester-hours' credit with an overall grade average of not less than 70 in the semesters or sessions in which the final 20 hours of work are taken. (For the method of computing averages, see Administrative Rules and Regulations, page 42 *supra*.)

3. All required courses must have been taken.

4. A candidate may offer toward the fulfilment of the stated requirements for the degree only those courses which were completed by him in this or another approved law school within the eight calendar years next preceding the intended date of graduation. In computing the eight-year period there shall not be included therein any period or periods between September 1, 1940, and June 30, 1947, in which the candidate was on active duty with any of the armed services of the United States, or any period in which the candidate was licensed and engaged in the active practice of law in this or another state.

5. The student's use of English must be satisfactory.

## HONORS

Candidates for the LL.B. degree having the highest average grade, not to exceed ten per cent of the graduating class, may, by vote of the faculty, be awarded the degree, *cum laude*, *magna cum laude* or *summa cum laude*. No one shall be eligible for honors who shall have taken elsewhere more than one-third of the work offered for the degree. The average grade shall be based on work done in this School only; but to receive the degree with honors a transfer from another college must have at least a B average in law courses in the school previously attended.

## ADMISSION TO THE BAR

Admission to the bar in Texas is controlled by rules of the Supreme Court and examinations given by the State Board of Law Examiners in Austin.

To be eligible for these examinations, the student must be a citizen of Texas and of the United States, must have resided in the State of Texas for not less than twelve months prior to the date of the examination, must have had two years (60 semester-hours) of college work at the time he began the study of law and must have pursued his law studies for a period of not less than 27 months in a full-time law school, or 36 months in a part-time law school. Three examinations are given each year, beginning on the first Mondays in February, July and October. For the course of study prescribed and the rules governing the examinations, address Secretary, State Board of Law Examiners, Austin, Texas.

The curriculum of the School of Law substantially covers all the subjects on which the bar examinations are based.

The rules of the Supreme Court require that every person intending to study law in Texas shall, within 30 days after beginning such study, file with the Board of Law Examiners in Austin, a "declaration of intention to study law" showing his educational attainments and the completion of a preliminary character examination. Graduates of the School of Law, Southern Methodist University and of other schools approved by the American Bar Association are exempt from this requirement.

## STANDARDS OF THE AMERICAN BAR ASSOCIATION

The Council on Legal Education and Admissions to the Bar of the American Bar Association requests that attention be called to the Standards of the American Bar Association adopted in 1921 and recommended for enactment by all states. These Standards provide in effect that every candidate for admission to the bar, in addition to taking a public examination, shall give evidence of graduation from a law school which shall require at least two years of study in a college as a condition of admission, and three years of law study (or longer if not a full-time course), which shall have an adequate library and a sufficient number of teachers giving their entire time to the school to ensure actual personal acquaintance and influence with the whole student body, and which shall not be operated as a commercial enterprise.
