The *Journal* prints matter it considers worthy. However, publication does not necessarily imply agreement by the editors or the publisher with the opinions expressed in the articles.

With the assumption of the task of directing the new Institute of Aerospace Law at Southern Methodist University Law School, it has become impossible for me to devote to the *Journal of Air Law and Commerce* the time needed to fulfill adequately the role of Senior Editor. It has been a most rewarding experience for me and I am pleased to be able to continue my relation with the *Journal* as a member of the Editorial Advisory Board. I am also pleased to announce that Professor Paul Larsen has been designated as the new Faculty Advisor and as such will take over my position as Senior Editor.
