Textbook aiming to show relationship of transportation with production, manufacture, distribution, and consumption of goods and articles of commerce.

PERIODICAL ARTICLES

Aer Lingus, Irish Air Lines. Shell Aviation News, Feb. 1951; No. 152:9-11. Brief résumé of present economic status and operating problems.

Air Commerce in the Belgian Congo, by James Ellinghouse. *Aeroplane*, Jan. 12, 1951; 80:54-56.

Analysis of the role of air transport in providing a vital link with Belgium and as a rapid means of internal communication in a large and sparsely settled country.

Air Law—Prescriptive Rights to Airspace [*Strother v. Pacific Gas & Electric Co. (Cal.)* 211 Pac. (2d) 624]. *Oklahoma Law Review*, Nov. 1950; 3:423-426.

Air Lines of the World. *Aeroplane*, Dec. 29, 1950; 79:599-629. Special annual issue surveying world's airline industry.

Air Services Within Germany. Extensive Operations of B.E.A. *Modern Transport*, Feb. 10, 1951; 64:12.

Study of current operations of British European Airways.

Air Transport in Iran, by Robert Maxwell. *Asiatic Review*, Oct. 1950; 46:1180-1191.

Air Transport Inquiry Committee's Report. Reorganized Enterprise Urged. *Indian Aviation*, Dec. 1950; 24:306-310.

Summary of conclusions and recommendations by committee appointed by the Government of India in February 1950.

Airlift for War or Peace. *American Aviation*, April 16, 1951; 14:1-122.
2nd annual air transport progress issue.

Airline Finance, by Harvey J. Gunderson. *Air Affairs*, Dec. 1950; 3:509-516.

Study by a former Member of the Board of Directors of the Reconstruction Finance Corporation on the composite position of the sixteen domestic trunk airlines with consideration of the possible future effects of the nation's military activities.

Airline Outlook, by Ralph S. Damon. *Air Affairs*, Dec. 1950; 3:459-468.

Predicts that turbo-prop aircraft will be in scheduled service within three to five years.

Airport Costs and Planning, by Leslie A. Bryan. *Air Affairs*, Dec. 1950; 3:556-567.

Concludes that investments in airports through public aids, under adequate planning safeguards, are justified.

Airport Requirements for Future Transport Aircraft, by W. T. Dickinson. *Airports & Air Transportation*, Jan. 1951; 5:147-150.

CAA; Its 25-Year Growth and Its Role in Aviation Today. *Pegasus*, Mar. 1951; 14:20.

A special issue devoted to the Civil Aeronautics Administration.

Canadian Pacific Airlines, by Ronald A. Keith. *Esso Air World*, Nov./Dec. 1950; 3:58-63.

Carriers—Regulation: In General—CAB Conditions Approval of Route Transfer Upon Provisions for Benefit of Adversely Affected Employees. *Harvard Law Review*, Feb. 1951; 64:664-666.

Review of North Atlantic route transfer case.

The Central and Southern Africa Transport Conference. *Lisbon-Courier*, Jan. 1, 1951; 5:5-12.

Summary account of final plenary session as well as text of final act of conference participated in by Belgium, France, Portugal, Southern Rhodesia, Union of South Africa, Great Britain, and the African territories.

Cost Analysis of the Jetliner, by Major James M. Venable. *Aviation Age*, Mar. 1951; 15:24-25.

Comparison of the AVRO Jetliner with conventional American-built transports—Martin 202 and Douglas DC-3, DC-4, and DC-6.

Comparative Significance of Transport Safety Statistics, by Rudolf Modley. *Institute of the Aeronautical Sciences Preprint No. 314*, January 1951. 7 p.

Decade of Development Mapped for London's Air Terminal, by Geoffrey Dorman. *Canadian Aviation*, Jan. 1951; 24:26, 45-46.

How to Increase Safety in Scheduled Air Operations, by T. P. Wright. SAE Journal, Jan. 1951; 59:35-41.

Analysis of facts needing further research and development.

Jurisdiction as to Crimes Committed Aboard a United States Aircraft Flying Over the High Seas: United States v. Cordova, 89 F. Supp. 298 (E. D. N. Y. 1950). A case note by Eugene de D. Le Fevre. Cornell Law Quarterly, Winter 1951; 36:374-385.

Law of the Air—Cases and Materials, by Clarence E. Manion. Book reviewed by Jennings N. Roberts. Miami Law Quarterly, Apr. 1951; 5:525-526.

Looking Ahead in International Air Transportation, by George P. Baker. IATA Bulletin, Dec. 1950; No. 12:104-113. Comment: 113-116. 1950 annual IATA Paper.

Making Air Transport Pay—By Analyzing Past Experiences; Mr. Masefield's Brancker Memorial Lecture. Flight, Feb. 15-Mar. 9, 1951; 59:182-184, 238-240, 266-269, 293.

Presents historical background of British air transport and illustrates advances made by citing operational progress made on London-Paris route as well as presenting a cost analysis of these operations leading author to conclude that such services can be made profitable.

The Pacific Airlift, by Maj. Gen. Laurence S. Kuter. Aviation Age, Mar. 1951; 15:21-22.

Review of Military Air Transport Service in the Korean war and the role of the air carriers.

Parachute Post, by Squadron Leader H. R. Bunn. Aeronautics, Apr. 1951; 24:44-45.

Plea for the establishment of a British parachute postal service for isolated or inaccessible communities, and particularly where landings are impossible, hazardous, or uneconomic.

Pennsylvania's Air Traffic, by R. H. Waters. Pennsylvania Business Survey, Nov. 1950; 8-9.

Presents data for selected cities for 1949.

Preparing Commercial Helicopter Services, by N. E. Rowe. Interavia: Review of World Aviation No. 3, 1951; 6:142-146.

Experience of British European Airways 1946 to 1950.

Res Ipsa Loquitur in Airline Passenger Litigation, by R. A. McLarty. Virginia Law Review, Jan. 1951; 37:55-101.

Presented to the Round Table on Aviation Insurance Law, Insurance Section, American Bar Association, September 1950.

Scandinavian Airlines System "United Nations of the Air," by Gunnar Kristiansson. Canadian Aviation, Apr. 1951; 24:30-32.

Discussion of financial problems of company during recent years and details of recently approved 25-year agreement by ABA, DDL, and DNL—the Swedish, Dutch and Norwegian airlines.

Speeding Up Air Transport; Reduction of Delay in Ground Operations. World Trade, Nov. 1950 (supplement); 16:1-17.

Torts—Liability of Bailor of Airplane to Passenger Taken Up in Violation of Civil Aeronautics Authority Regulation, by David G. Lupo. Washington University Law Quarterly, Feb. 1951; 1951:136-139.

Comment on recent Arkansas decision.

Trans-Canada Transit, by Squadron Leader D. West. Aeronautics, Jan. 1951; 23:48-53.

Observations on a tour of the Trans-Canada Air Lines system.

Transporting Perishable Air Cargo, by Gilbert C. Close. Aviation Age, Feb. 1951; 15:26-27.

Summary of results of research program conducted on air transportation of fresh fruits, vegetables and flowers, by Lockheed Aircraft Corporation in cooperation with the U.S. Department of Agriculture.

Tucson's Transient Air Traffic, by R. W. F. Semidt. Flight Magazine, April 1951; 35:30, 32-33, 40-41.

The Twin Cities' Airports Commission, by Richard E. Stockwell. Aviation Age, Apr. 1951; 15:32-33.

Where Stand Our Airlines? by E. T. House. Aeronautics, Feb. 1951; 24:28-40.

Analysis of the British nationalized airline Corporations covering the year ending March 31, 1949.

What's the Future of Air Transport? by K. R. Ferguson. SAE Journal, Jan. 1951; 59:61-63.

Statement of desirable objectives in the design of future transport aircraft.

FOREIGN ARTICLES

Air France 1950. L'Air, Mar. 1951; No. 649:19.

Analysis of Air France operating statistics for 1950 and comparison with earlier years.

La coordination des Transports aériens dans le cadre du futur statut de l'Aviation marchande, par Raymond Malézieux. Revue française de droit aérien, Oct./Dec. 1950; 4:377-387.

Le Droit aérien, instrument idéal d'unification en matière de responsabilité du transporteur, par J. L. François. Revue française de droit aérien Oct./Dec. 1950; 4:333-376.

Equipement et Exploitation des Bases aériennes dans les territoires d'outre-mer, par Pierre Cazes. Via 1950; No. 11:44-54.

Study of technical, financial, and administrative problems encountered in the development of airports for French Africa.

Luftrecht für Sportflieger, von Werner Guldiman. Schweizer aero-revue, Dec. 1950; 25:500-501; Jan., Mar. 1951; 26:10-11, 88-90.

Continuation of series of articles previously indexed.

Problemas actuales de la Aviación civil internacional, por Jose M. a García Escudero. Revista de aeronautica, Jan. 1951; 11:8-12.

Roma: centro intercontinentale di traffico aereo, di Salvatore Tomasino. Roma economica, Nov. 1950 (supplemento); 3:5-6.

Analysis of international and national air traffic generated at the Rome airport. Forms part of a special supplement on the occasion of the completion of the new international Flumicino airport.
