SYMPOSIUM

CONTEMPORARY ISSUES OF INTERNATIONAL TRADE LAW

Editor's Note: The field of International Trade Law is a complex, for some a foreboding, legal area. As the world shrinks with the increase of economic interdependencies, international trade transactions and their impacts will draw more of our readership into this area of practice. This Symposium is designed to assist readers in adjusting to their initial exposure. It offers an introduction to two of the most rapidly developing aspects of this field: countertrade and trade remedies.
