The Journal of Air Law & Commerce

Announces

The Thirty-five Year Index

The rapid growth of the aviation industry with a parallel development of air law, as well as the Journal's existence at two law schools has required compilation of the cases and issues to which the Journal has addressed itself over the past 35 years.

As you may recall, work on the 35-year cumulative index has been in progress for a number of years; it has involved the efforts of several boards and many man-hours. The Board of Editors is, therefore, pleased to announce the near-completion of the task.

After completing a final cost analysis, we found that publishing costs will be significantly less than previously anticipated. This reduced cost plus an unanticipated demand allows the Journal to offer this useful addition to your library at our cost of $5.00.

The anticipated distribution date for the Index is the spring of 1970. In order to insure that you receive a copy, write indicating the number you wish to purchase to:

Business Manager
Journal of Air Law and Commerce
School of Law
Southern Methodist University
Dallas, Texas 75222

Notice To Subscribers

Subscribers will receive the index and be billed accordingly unless notice is received to the contrary.
