As an attorney, you know the value of facts. That's why the following facts, regarding THE UNITED STATES LAW WEEK, should be particularly meaningful to you:

- The primary function of LAW WEEK is to safeguard you against missing a single development of legal importance . . . yet to save your time by greatly reducing your reading load!
- To do this, LAW WEEK's expert staff of lawyer-editors sifts thousands of opinions and rulings week by week, year after year, for the precedent-setting few that make new law. These significant cases are then digested under quick-reference topic headings—such as Antitrust, Taxation, Insurance, Public Contracts, Labor, Transportation, Trade Regulation, Criminal Law, Public Utilities, Railroads—in the appropriate section of LAW WEEK: (1) New Court Decisions, (2) Federal Agency Rulings, or (3) Supreme Court Opinions.
- To further save your time, the opinions and rulings appearing in all sections of LAW WEEK are highlighted in a special Summary and Analysis, a five-minute review in which these legal developments are tersely evaluated for their effect on current law.
- A key feature of LAW WEEK is its high-speed reporting of Opinions of the United States Supreme Court—in full text, accompanied by crisp and accurate summary digests. Mailed the same day they are handed down, these exact photographic reproductions of the Court's Opinions eliminate all possibility of error.
- LAW WEEK also supplies the full texts of all federal statutes of general interest, immediately after signing by the President.
- For ease of reference, LAW WEEK is fully indexed by topic and by case title—both for general law and for Supreme Court actions.

If you concur in the opinion that LAW WEEK might be helpful to you, the special introductory rate (three months at half the regular rate) affords you an ideal opportunity to get acquainted with this valuable information service.
